ABSTRACT

The responses of the State University of New York (SUNY) constituent institutions to the biannual survey of Non-Credit Instructional Activities for January 1, 1988 through June 30, 1988 are summarized. For each non-credit instructional activity reported, the following information was provided by the campuses: contact hours; continuing education value; course location; instruction type; instructor type; number of registrations; organizing unit; revenue source; subject area; and target clientele. Definitions of terms are provided. Three parts are as follows: (1) SUNY summary reports of the number of non-credit instructional activities and registrations, January 1, 1988 through June 30, 1988; (2) SUNY trend reports summarizing non-credit instructional activities and registrations, 1983 through June 30, 1988; and (3) SUNY detail report of each non-credit instructional activity, by subject area, title, and campus, January 1, 1988 through June 30, 1988. Some non-credit activities for adults considering career changes include choices and changes for women, plan your career, and resume clinic. Examples of non-credit activities for in-service education include graphic presentations, public speaking, and telemarketing. Programs to enhance personal growth include self-help for smokers, world religions, and wilderness camping in winter. An appendix offers a map of SUNY institutions and a chronology of dates of establishment of SUNY institutions. A list of publications by SUNY's Central Staff Office of Institutional Research is included. (SM)

INTRODUCTION

This report summarizes the responses of the State University of New York constituent institutions to the biannual survey of Non-Credit Instructional Activities for January 1, 1988 through June 30, 1988.

Non-credit instructional activities at SUNY institutions has steadily increased over the period of survey administration, particularly at the community college level. One explanation for the expansion of non-credit activities and registrations is the availability of state funds to encourage community colleges to conduct training for local businesses and industries. As a result new training relationships between colleges and industries have emerged. These partnership arrangements have accounted for much of the increased non-credit instruction and registrations at the institution level.

In addition to these partnership arrangements with business, non-credit instruction has become increasingly important to adults at transition points in their lives. Adults considering a career change or career advancement or those seeking personal growth and development are either turning or returning to higher education in increasingly greater numbers. SUNY institutions have responded to this growing demand for adult education with an incredible array of non-credit instructional activities.

SOME EXAMPLES OF SUNY NON-CREDIT INSTRUCTIONAL ACTIVITES

Some examples of the non-credit activities offered at SUNY campuses are presented below. This listing is by no means comprehensive considering that the number of non-credit instructional activities offered in the last six month period was over 11,000 with registrations approaching one-half million. However, the activities listed below indicate the expanding diversity of courses, seminars, conferences that SUNY institutions provide for professional and business groups as well as for the community in general. The non-credit activities titles presented below are organized by some of the major purposes that adults turn and return to higher education i.e., career changes, inservice education, personal growth and leisure and retraining of job skills.

A few examples of non-credit instructional activities for adults considering career changes include: Introduction to Advertising, Careers in Broadcasting, The Changing Work-Force, Careers in Management, Careers in Technology, Choices and Changes for Women, How to Start a Mail-Order Business, Identifying Employers/Job Openings, Plan Your Career, Resume Clinic, Start and Finance a Computer Enterprise, Successful Self-Employment, Today's FBI and You, Vocational Transitioning, etc.

Examples of the variety of non-credit activities offered by SUNY colleges and universities for in-service education include: Economics Education Workshop for Teachers, Forest Resources Systems Institute, Graphic Presentations, Intensive Review for Family Physicians, Modern

Radiographic Techniques, Nursing State Board Review, Professional Engineer Refresher, Project Management, Public Speaking, Running an Effective Meeting, Skull Base Surgery Symposium, Telemarketing Techniques, Writing Workshop for Business Professionals, etc.

Demand for instructional activities to enhance personal growth, development and leisure-time has lead to the following variety of non-credit offerings by SUNY institutions: Beginning Sailing, Cabinet Making, Current Issues, Exploration in Classical Music, Folk Dancing, Fitness of Men & Women, Handling Anger & Depression, Irish Language, Microwave Cooking, Home Refrigeration/Air Conditioning Repair, Self-Defense, Self-Help for Smokers, Television Repair, Understanding Opera, Wilderness Camping in Winter, World Religions, etc.

The retraining and upgrading of job skills brought about by recent technological developments in computer hardware and software is another major reason for the increased adult registrations in non-credit instruction. Examples of non-credit computer courses recently offered at SUNY campuses include: Introduction to the Many Uses of the PC, Integrated Software Applications, Beginning, Intermediate & Advanced Lotus 1-2-3, Wordstar, Intro. to 8808 Assembly Language, Hard Disk Management, How to Use Micros, Computer-Assisted Drafting, Computerized School Transportation, Microcomputer Applications, Microcomputer Graphic Arts, etc.

DEFINITION OF NON-CREDIT INSTRUCTIONAL ACTIVITIES

Non-credit instructional activity is not susceptible to sharp delineation, consequently there was a good deal of local judgment regarding the non-credit activities reported on the survey. For the purpose of this survey, the following guidelines were used in determining the activities to be reported:

> All formally organized and scheduled non-credit activities which are instructional in nature and which require registration of the participants, were included. These activities characteristically exhibit a wide range of formats, e.g., courses, workshops, seminars, conferences, institutes, etc. These activities are typically organized and administered by offices of continuing education, community service, adult education, innovative studies and extension services, however, they may be organized and administered by any other division, school, or academic department of the institution. Some campuses want to include basic literary skills centers, tutorials and developmental programs in their non-credit totals. These non-credit basic skills activities can be included if they are part of a prescribed program for a student, require more than a student initiated sign-in registration and have procedures to eliminate duplicated headcount.

> Excluded were all activities which can be credited toward a degree or other formal award granted by the institution. In addition, all activities which were primarily non-instructional in nature were excluded, such as great artists series, mass media programs, lecture series, travel groups, etc. Excluded were basic skills centers or labs, tutorials and developmental programs with student initiated participation, student sign-in procedure for registration and that did not have provisions for eliminating duplicated headcount. Auditors of credit courses were also excluded.

For each non-credit instructional activity reported on the survey, the following information was provided by the campuses: contact hours, continuing education value, course location, instruction type, instructor type, number of registrations, organizing unit, revenue source, subject area and target clientele. Definitions of these terms can be found following the Introduction on page xiv.

Data submitted by the campuses provide a comprehensive source of information about the State University of New York's non-credit instructional activities. Information on these offerings is available to the campuses from the Non-Credit Course system (NCC), which generates a total of twenty-one different reports. The types of reports produced and their corresponding report number are described below. In addition a summary chart of the available non-credit reports along with the detail provided in each report can be found following the Introduction on page xvi.

Reports in Production (Fall 1984)

Non-Credit Course (NCC) reports 1 through 6 are summary reports of the number of non-credit activities and registrations by six categories: subject area, target clientele, organizing unit, instructional type, faculty status and funding source. These reports are available university-wide and by individual campus.

NCC REPORT NUMBER	REPORT TITLE
1.	Registrations and Activities by Subject Area
2.	Registrations and Activities by Target Clientele
3.	Registrations and Activities by Organizing Unit
4.	Registrations and Activities by Type of Activity
5.	Registrations and Activities by Faculty Status
6.	Registrations and Activities by Funding Source

NCC reports 7 through 12 are campus detail reports. Each non-credit activity reported is listed in alphabetical order by campus under the organizing category for that report (i.e. Report 7 - Subject Area, Report 8 - Target Clientele, etc.). Information printed for each activity includes: number of registrations, contact hours, continuing education units (CEU), target clientele, organizing unit, faculty status, funding source and location (on or off campus). These reports are currently available only by campus.

Since NCC reports 14, 15, 16 limit data reporting to only four successive terms, they have been replaced by trend tables developed by the Central Office of Institutional Research which allow additional trend reporting. The OIR trend tables summarize the number of non-credit activities and registrations for the State University of New York from 1983 through June 30, 1988.

NCC reports 17 through 20 are system detail reports. Each non-credit instructional activity is listed in alphabetical order under the organizing category for that report, (i.e. Report 17 - Subject Area, Report 18 - Target Clientele, etc.) information printed for each activity includes: campus, number of registrations, target clientele, contact hours, activity type, continuing education units, organizing unit, faculty status, funding source and location (on or off campus). These reports are available only on a university-wide basis.

NCC report 21 is an alphabetized list of all non-credit courses offered at all State University of New York institutions for a given academic term. The title of the courses is listed, along with the campus offering it and the number of registrations.

NON-CREDIT PUBLICATION FORMAT AND FORMAT CHANGES

The reports included in this publication are organized sequentially into three parts: Part I includes NCC reports 1 through 6 from a system perspective; Part II contains OIR tables 88/1384, 88/1385, 88/1386 which provide system-wide trend data from 1983 through June 30, 1988; Part III includes NCC report 17, a listing of all non-credit courses offered at the State University of New York institutions by subject area.

You may notice a format change in Report 17. For the first time duplication has been minimized by the addition of a new column labeled 'number of sections'. Any activity that has the same detail, except for registrations and contact hours, is summed into sections and an average contact hour (AVG.C.HR.) is derived by dividing the total contact hours by the number of sections for the combined activities. The average contact hour is presented after each activities combination. The subject area subtotals and the grand totals are expanded to include a summary of the new 'number of sections' column. These figures represent the total number of activities offered by subject area, as well as, the overall total of all subject areas for the last six-month period.

Coding has been used in Part Three of this publication to report some of the information for each non-credit activity. See page xx following the Introduction, for a listing of the codes used by related category and explanation.

In addition to the university-wide non-credit course information contained in this report, each constituent campus was provided its respective campus summary reports: NCC 1 through 6 and campus detail reports NCC 7 through 13. Additional NCC reports are available to campuses upon request from the Office of Institutional Research. For convenience, a summary chart of the available non-credit reports and the detail provided in each report can be found on page xvi.

We would like to thank those individuals on the campuses who are responsible for providing this office with non-credit instructional activities data. The collection of these data requires their extensive cooperation and continued effort. We also thank members of the Central Office Staff who contributed their efforts to this report. We thank Ms. Martha Soloyna and the office she manages for entering the data from the campuses into the computer. We thank Ms. Patty Lavery and Mr. Paul Ferguson of the Office of Institutional Research for their efforts in preparing the manuscript for publication.

NON-CREDIT COURSE SYSTEM
DATA DEFINITIONS

Average Contact Hour - (AVG.C.HR.) is the total contact hours divided by the number of sections for activities with the same detail.

Contact Hours - total number of hours that the course meets.

Continuing Education Units - value assigned to the course to indicate units of non-credit academic work.

Course Location - indicates whether the course is held on or off campus.

Instruction Type - indicates the course presentation method, includes: Course; Workshop; Seminar; or Conference/Institute.

Instructor Type - indicates the teacher's employment status, for examples: Full-Time Faculty at College; Full-Time Non-Faculty at College; Part-Time Employee at College; Employed by Another College; From Community; No Single Teacher.

Number of Registrations - number of students registered to attend course.

Number of Sections - number of activities with the same detail.

Organizing Unit - office, department or school on campus offering a course, such as: Office of Continuing Education/Community Service; Academic Department; Graduate School; Other School or College; Office of Innovative Studies; Office of Student Affairs or Other.

Revenue Source - source of course funding, for examples: Regularly Budgeted State Funds or State Aided; Income Fund Reimbursable (State Operated); Participant Fee; Sponsored by Grants and Contracts; Contributed Services; Other; No Direct Instructional Costs; Cooperative Extension/Federal Government Support.

Subject Area - classification of course content, includes: Agriculture and Forestry; Applied Arts; Architecture & Related Professions; Arts; Biological Sciences; Business & Management; Education; Engineering, Applied Sciences & Technologies; Health Sciences, Professions & Technologies; Home Economics, Food Sciences, Arts & Technologies; Humanities; Law; Liberal Arts & General Studies; Library Services and Professions; Mathematics; Physical Education; Physical Sciences; Public Services and Professions; Social and Behavioral Sciences; Veterinary and Animal Sciences; and Avocational Instruction.

Target Clientele - group for which the non-credit course is designed, such as: General Community; Industry and Business; Government/Public Service Employees; Educators; Special Interest Groups; Specific Professions and Vocations; Community Service Organizations or Prisoners/Institutional Inmates.

FOOTNOTES

[a] Original constituent institutions of the State University of New York at its establishment in 1948.

[b] Date of establishment as a state college or institution.

[c] Date of incorporation into State University of New York.

[d] As of July 1, 1975, New York City Community College and the other community colleges (not shown here) sponsored by the New York City Board of Higher Education were no longer a part of the State University of New York.

NOTE: Dates preceding date indicated for establishment as a state college or institution refer to institutional antecedents of the present college or university. These my have been private institutions or controlled by a governmental entity other than the state. Intermediate institutional developments such as other college affiliation or date of first baccalaureate program offering have been omitted for the sake of brevity.

*The Health Sciences Centers at Buffalo and Stony Brook are shown separately here from their respective core campuses.
